

DUWELL

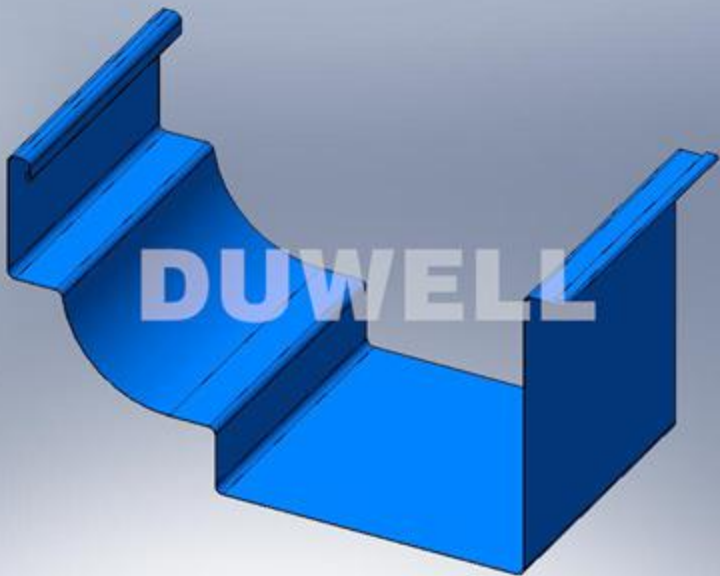

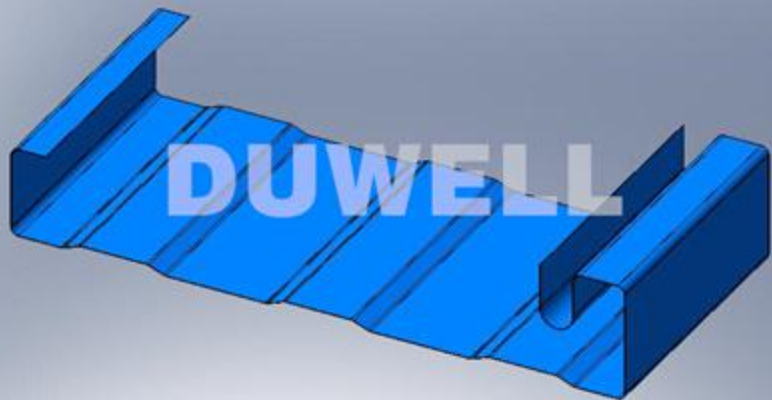

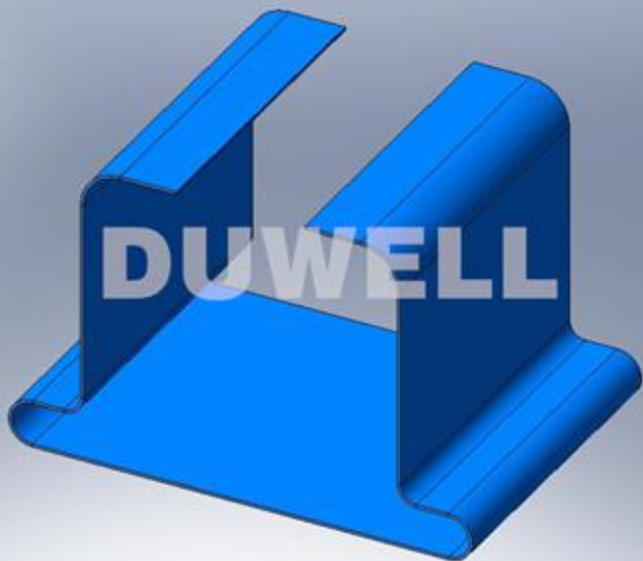

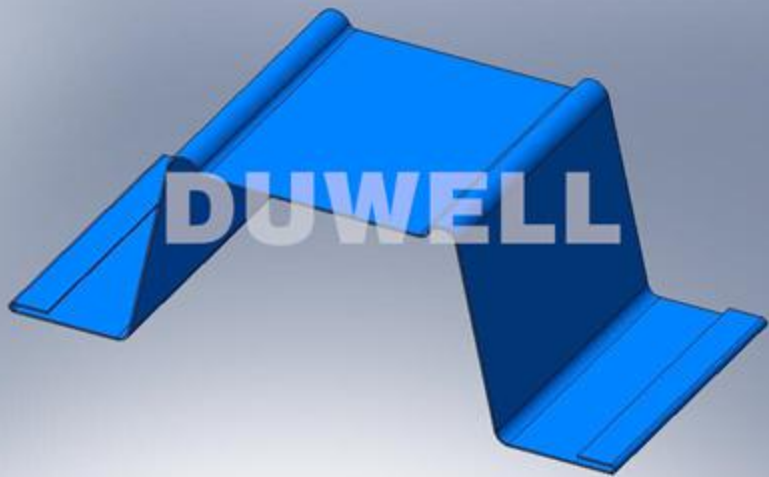

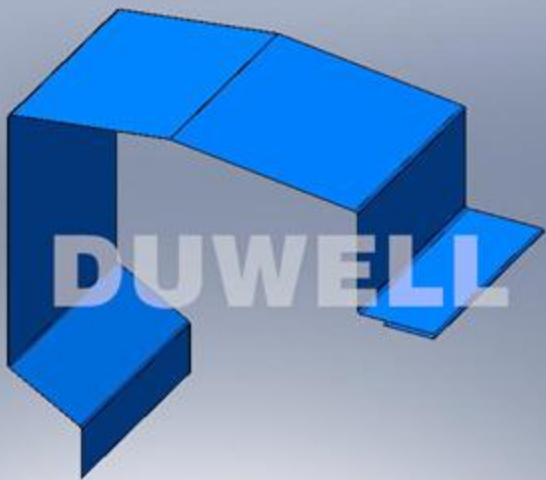

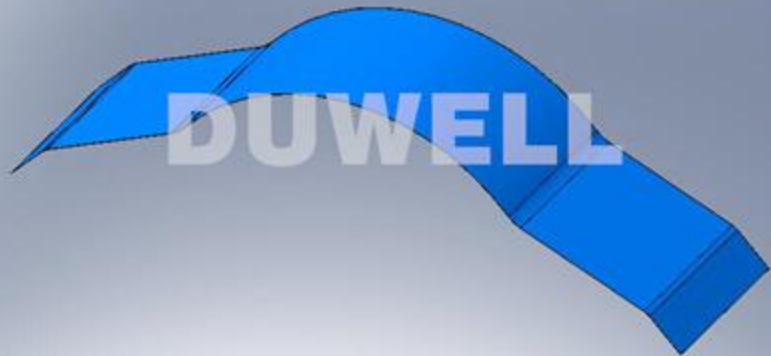

DUWELL

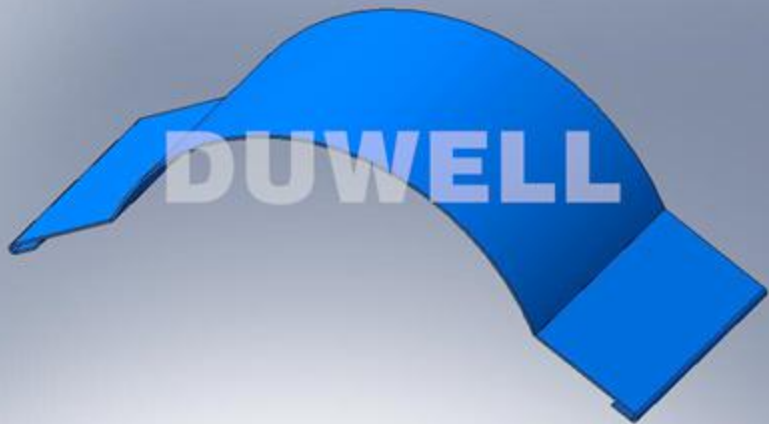

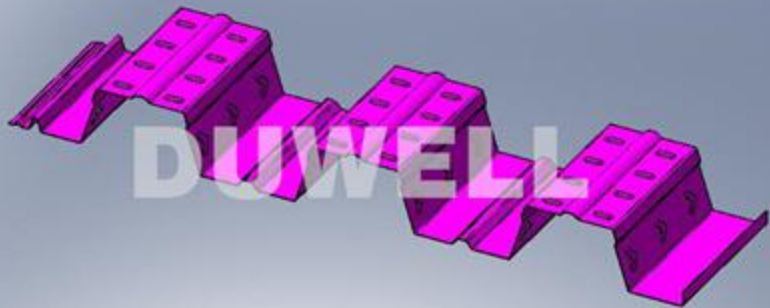

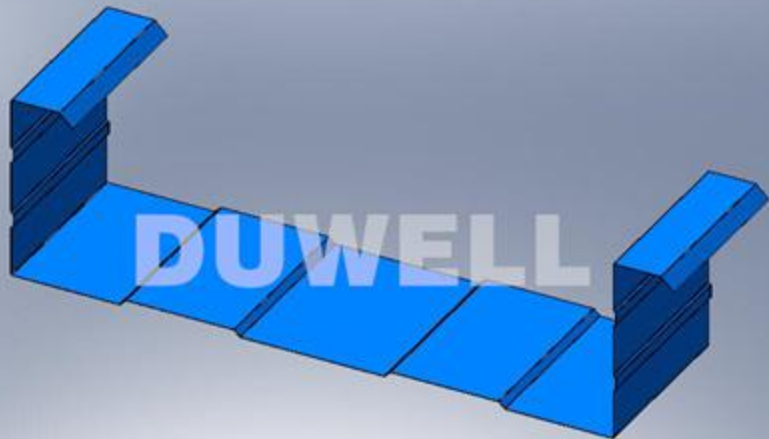

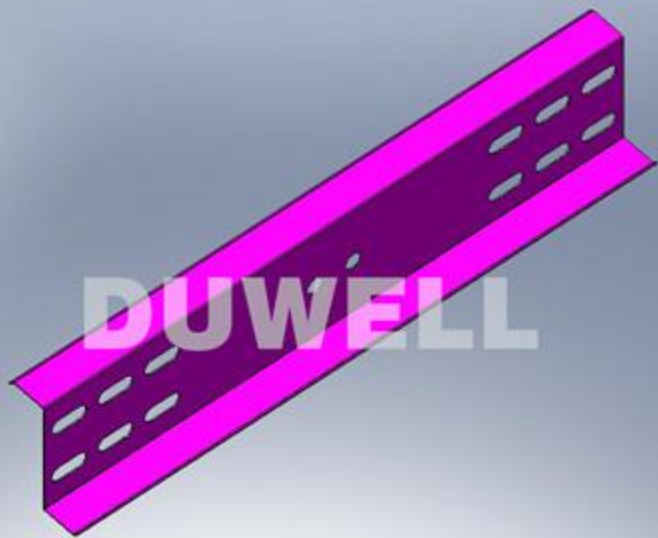

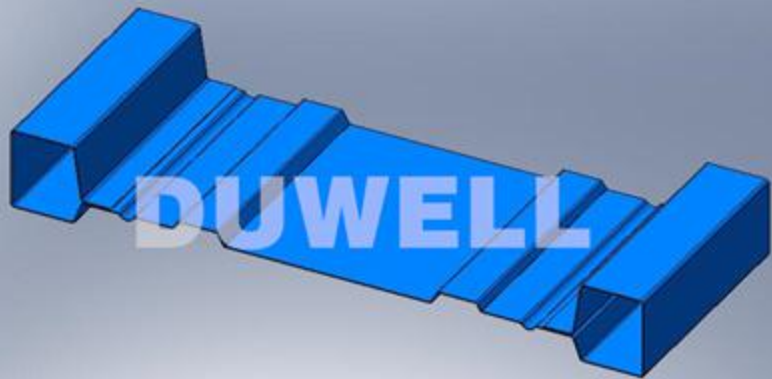

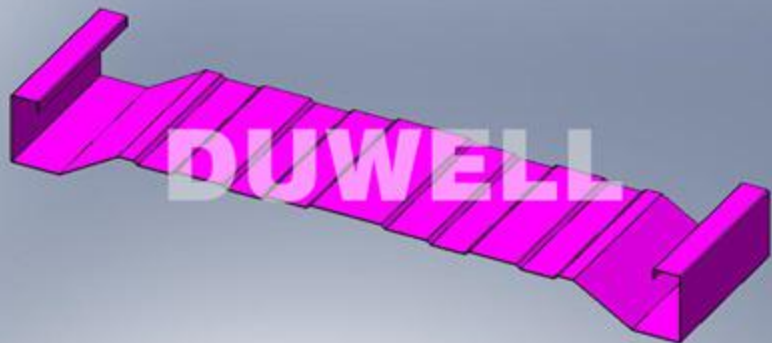

A 3D rendered image of a blue L-shaped extrusion profile, oriented diagonally. The profile has a flat top surface and a vertical side wall. The word "DUJWELL" is overlaid in white, bold, sans-serif capital letters across the center of the image.

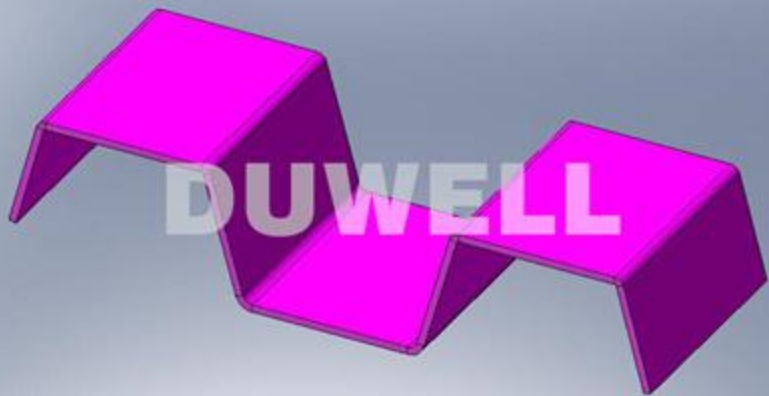

DUJWELL

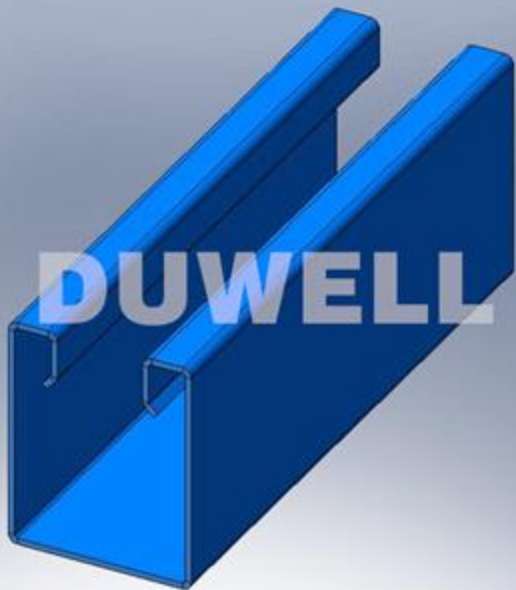

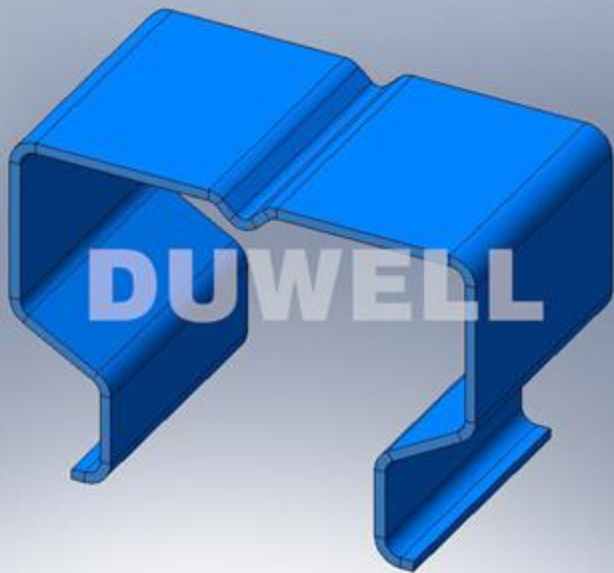

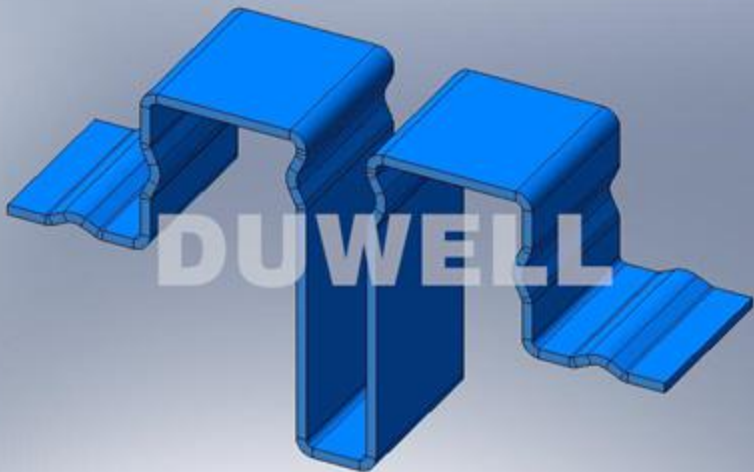

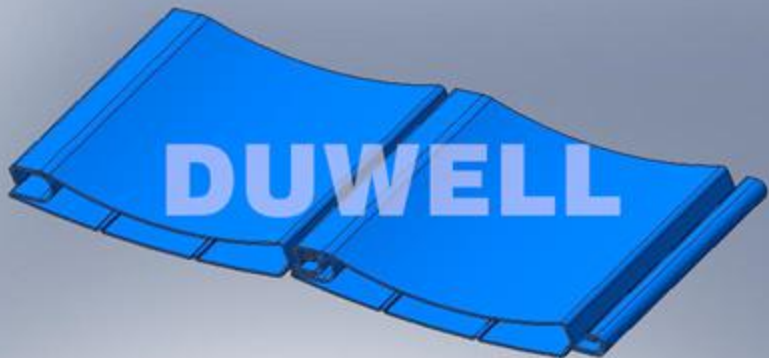

A 3D rendering of a rolled-up pink ribbon. The ribbon is unrolled in the center, forming a wide, flat band. The word "DUWELL" is printed in a bold, white, sans-serif font across the middle of this band. The ends of the ribbon are rolled up into thick, cylindrical shapes on either side. The entire object is set against a light blue background with a subtle gradient.

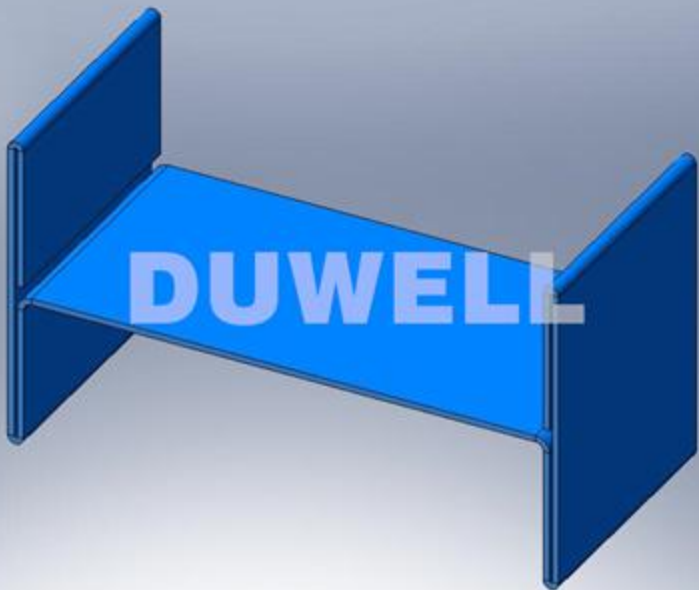

DUWELL

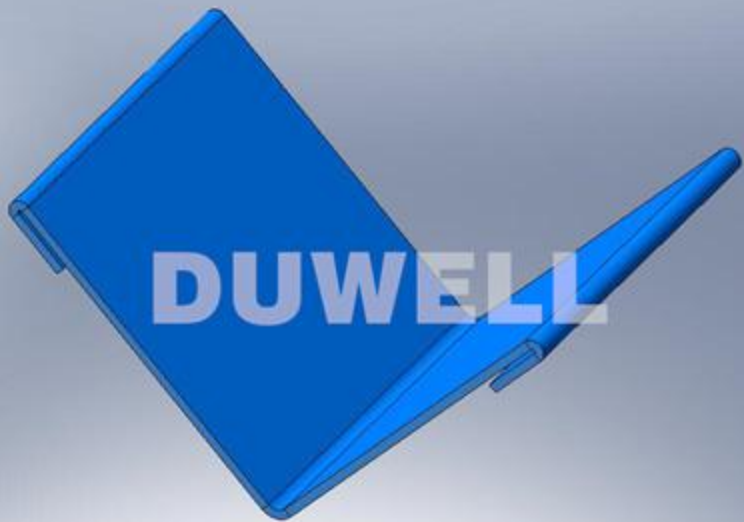

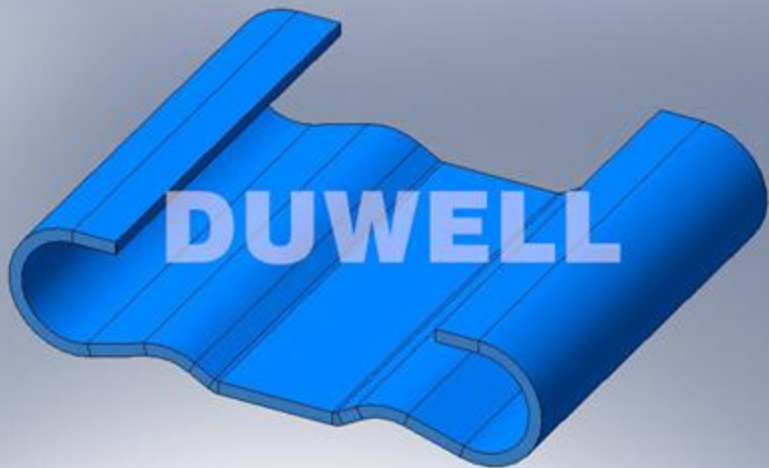

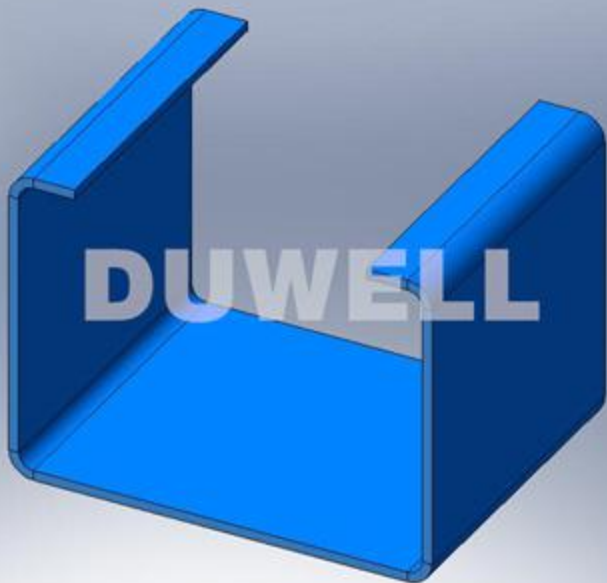

DUWELL

A blue, curved banner with the word DUWELL in white capital letters. The banner is slightly curved and has a 3D effect with shadows on the bottom edge. The background is a light gray gradient.

DUWELL

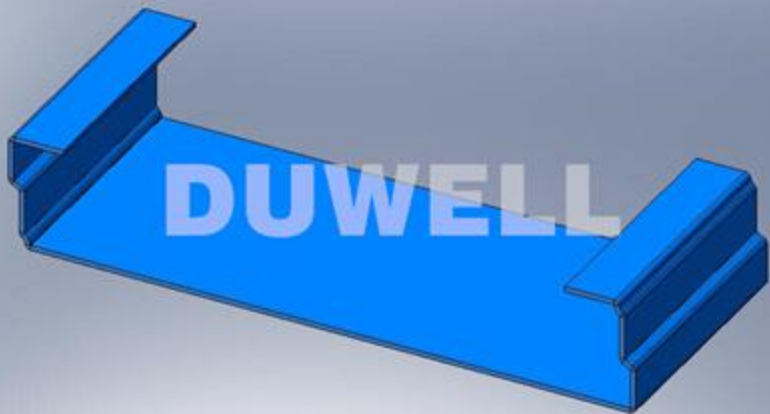

DUJWELL

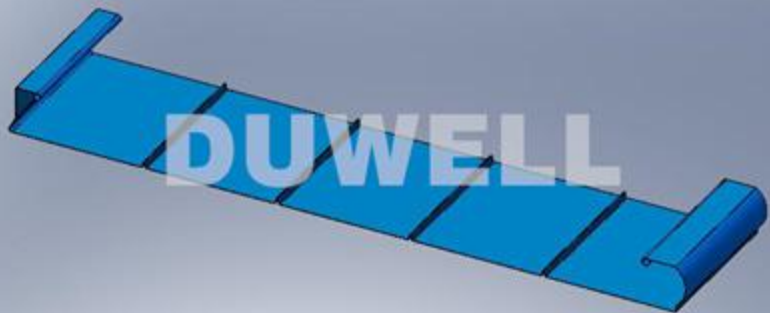

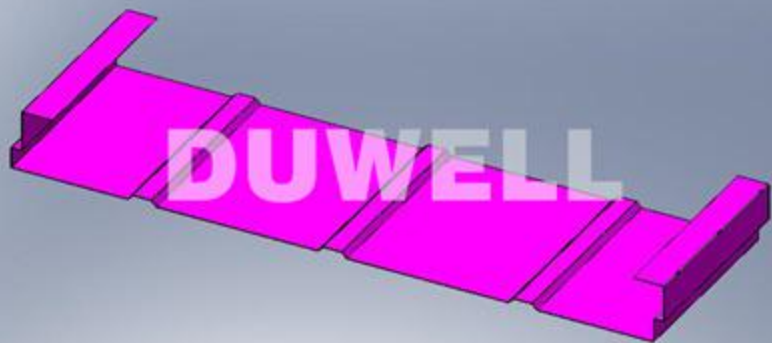

A 3D rendered blue L-shaped object, possibly a corner bracket or a piece of machinery. The object is composed of two perpendicular rectangular sections joined at a corner. The word "DUWELL" is overlaid in the center of the object in a bold, white, sans-serif font. The background is a light blue gradient.

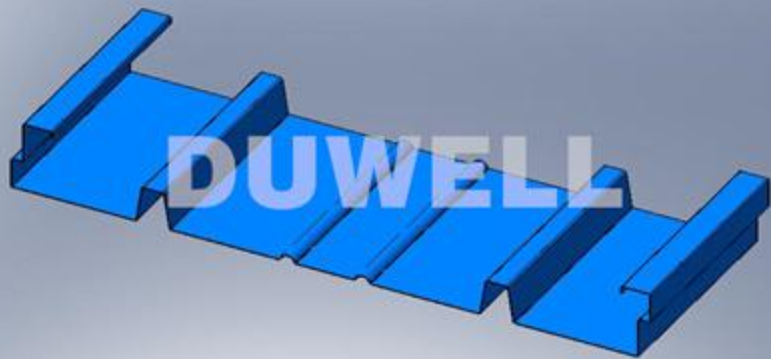

DUWELL

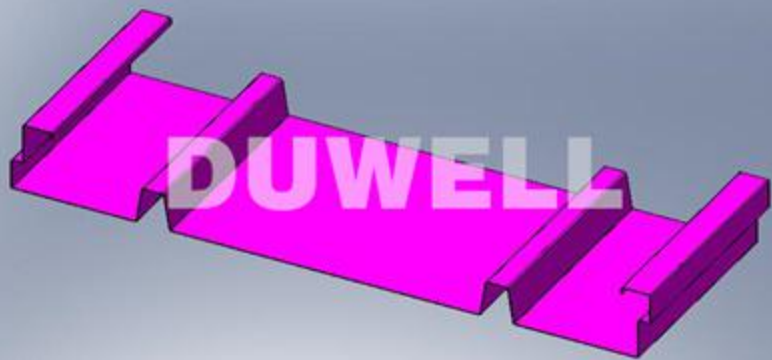

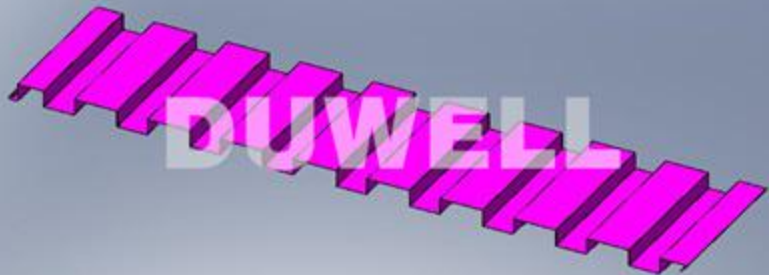

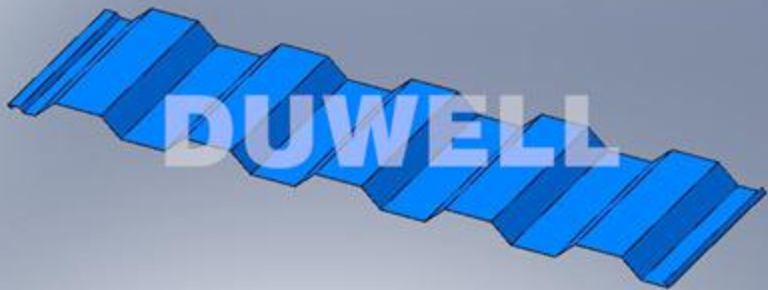

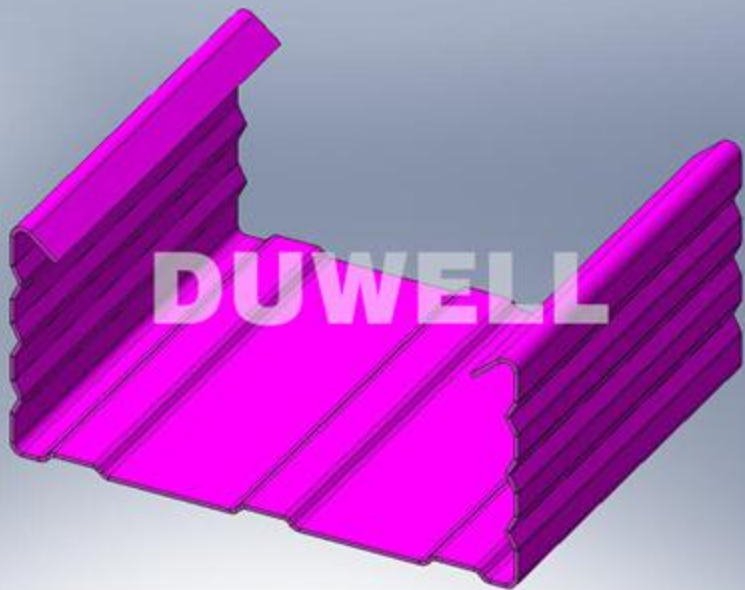

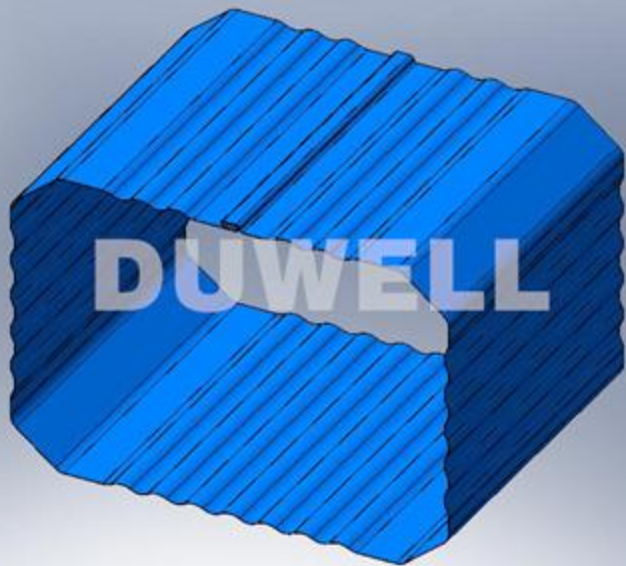

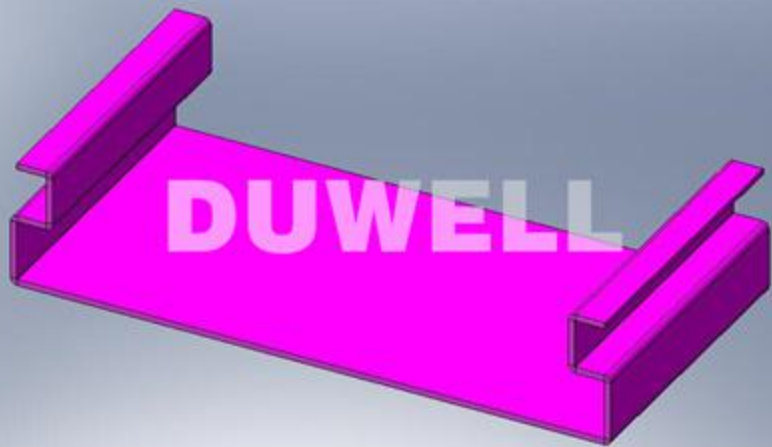

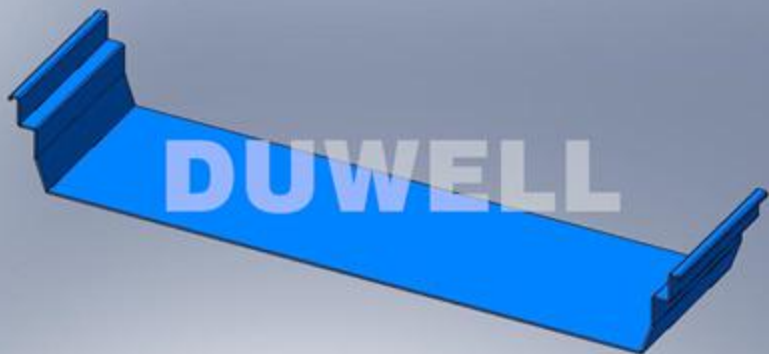

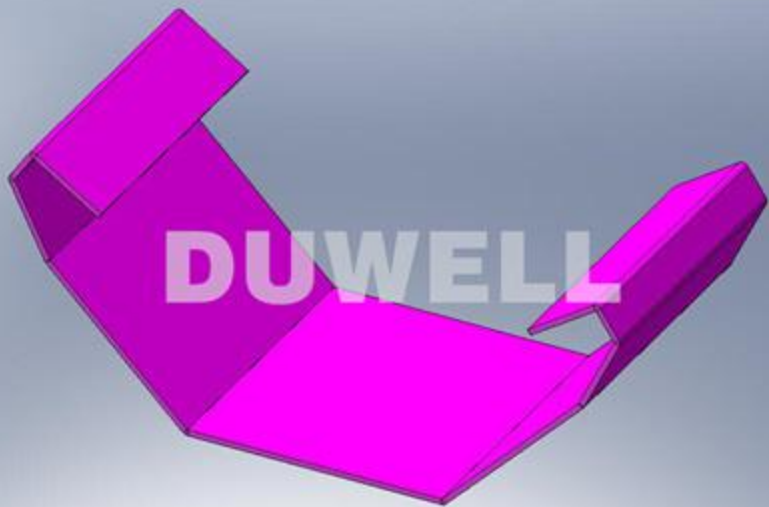

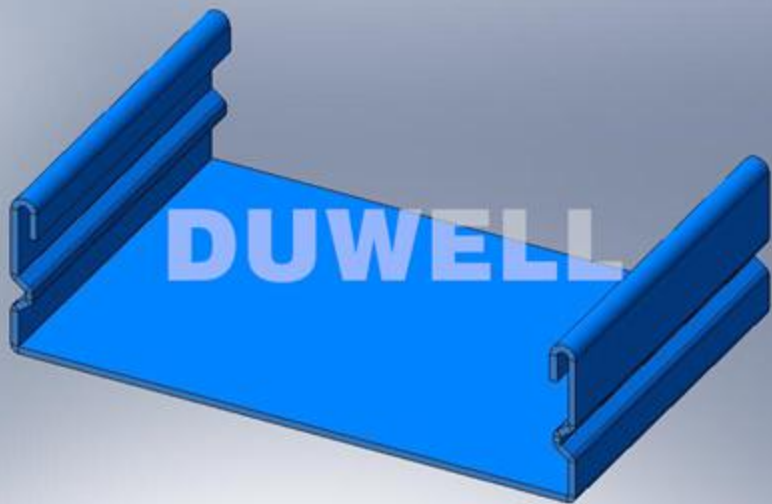

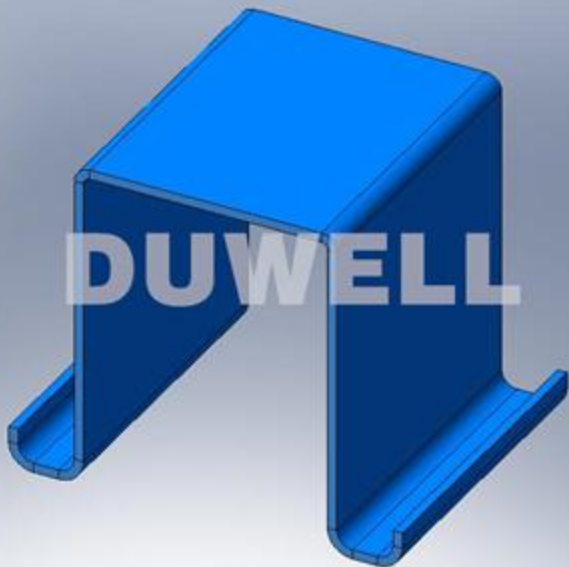

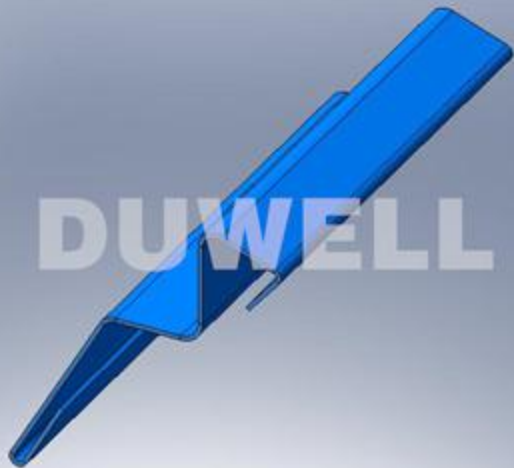

DUWELL

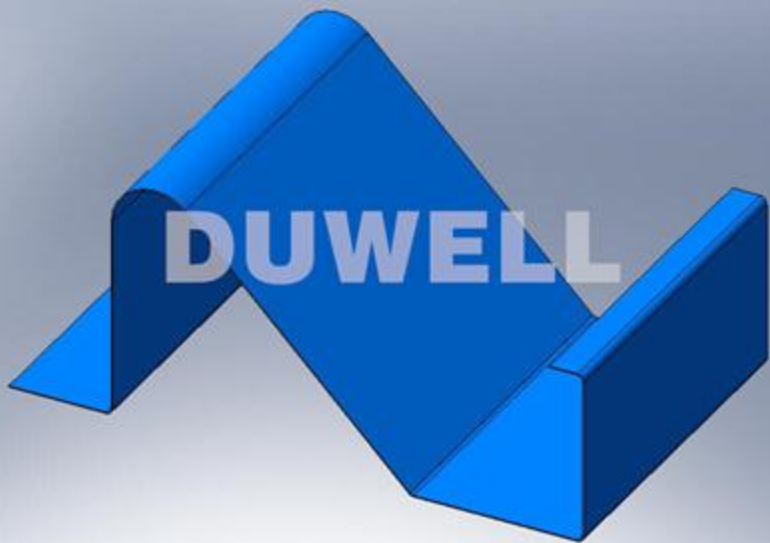

DUWELL

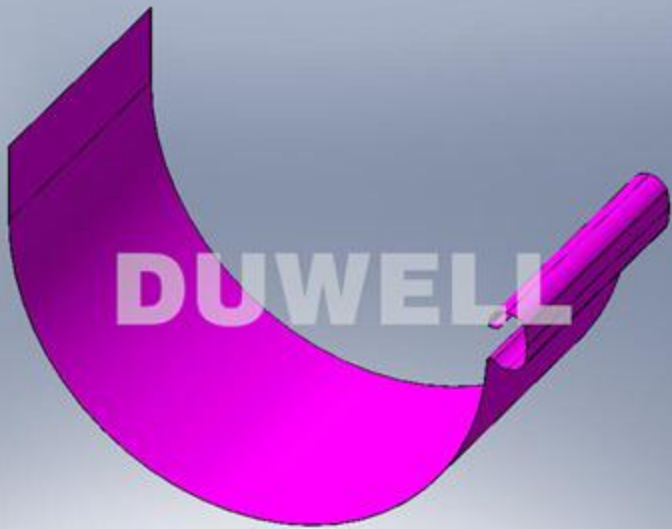

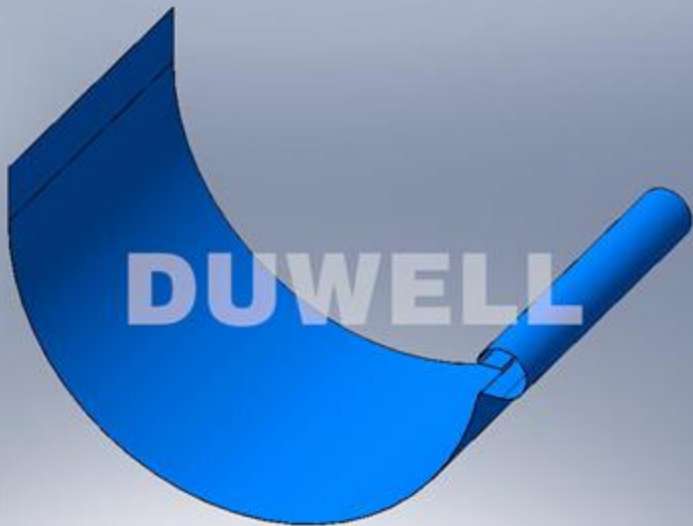

A 3D perspective rendering of a purple extruded profile, likely a window frame component. The profile has a complex shape with a wide top flange, a vertical section, and a bottom section with a sloped edge. The word "DUWELL" is overlaid in a semi-transparent white font across the center of the image.

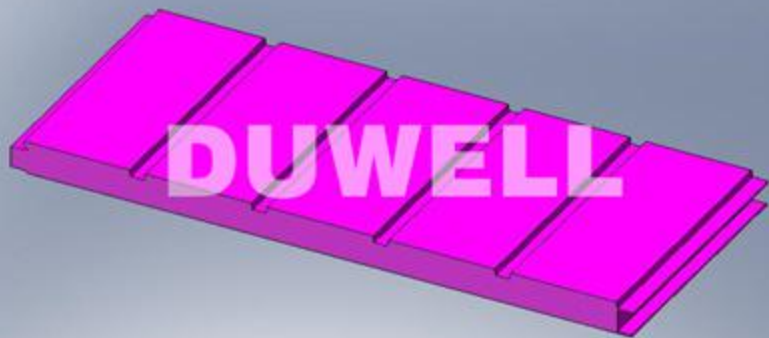

DUWELL

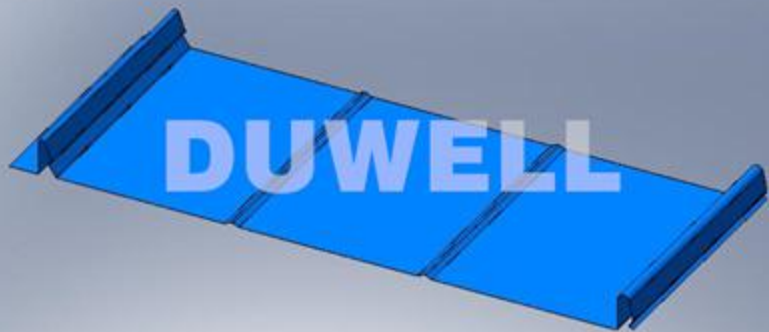

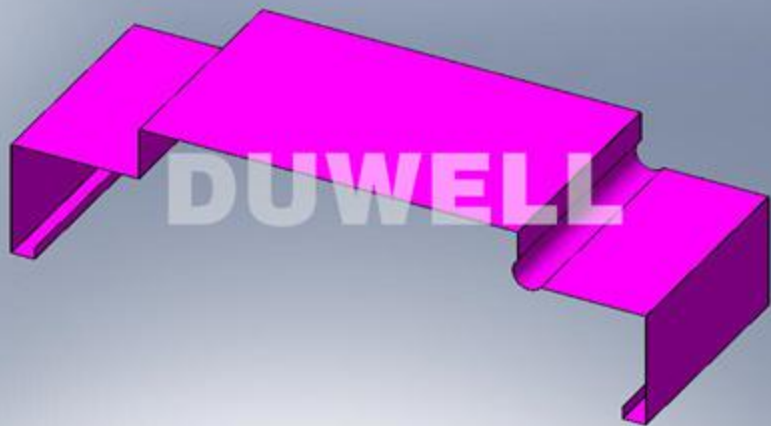

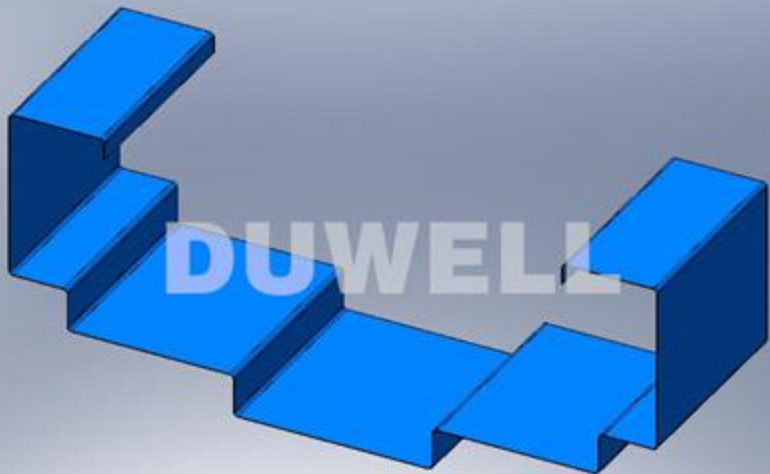

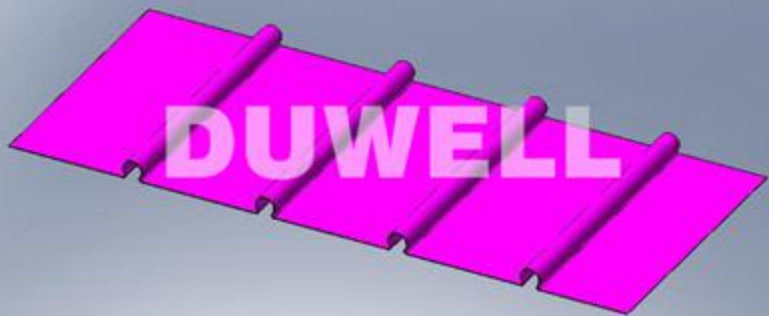

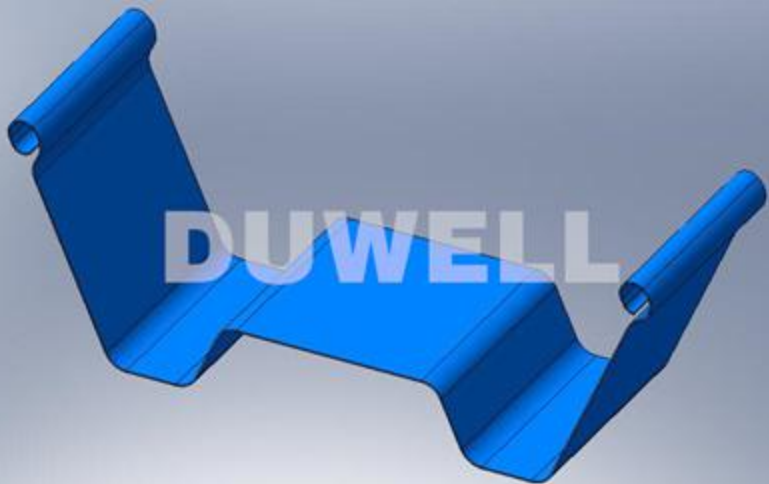

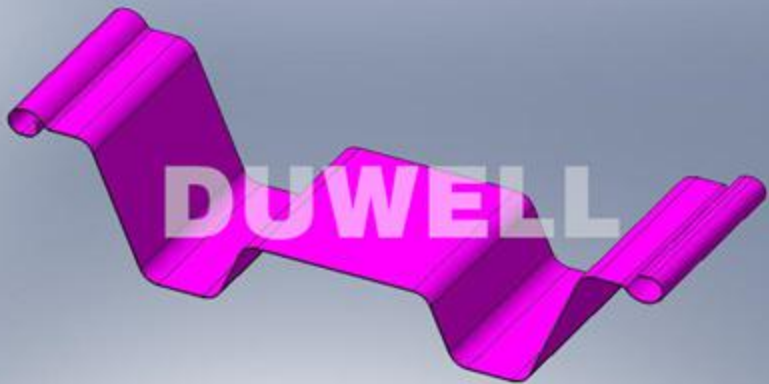

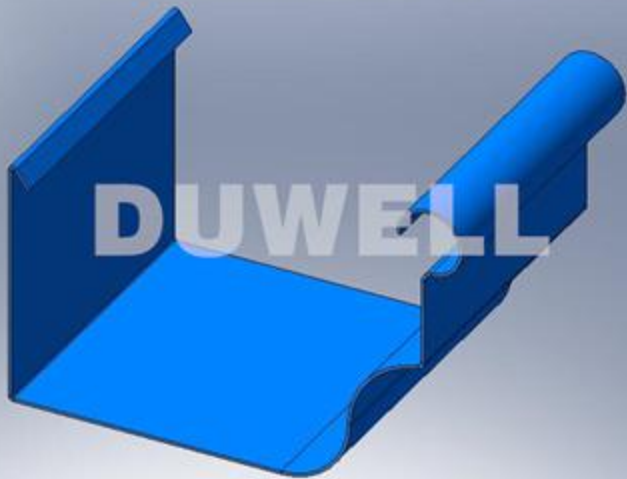

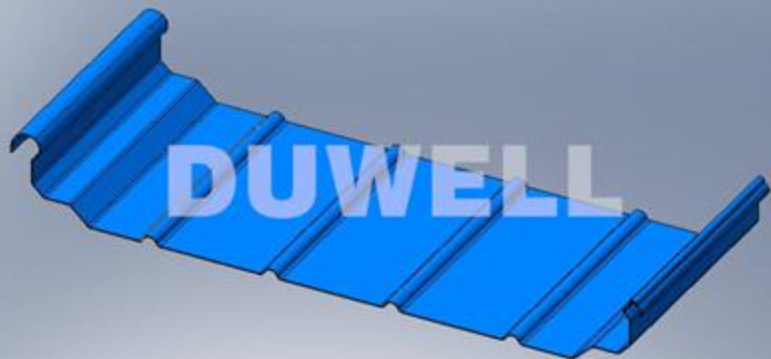

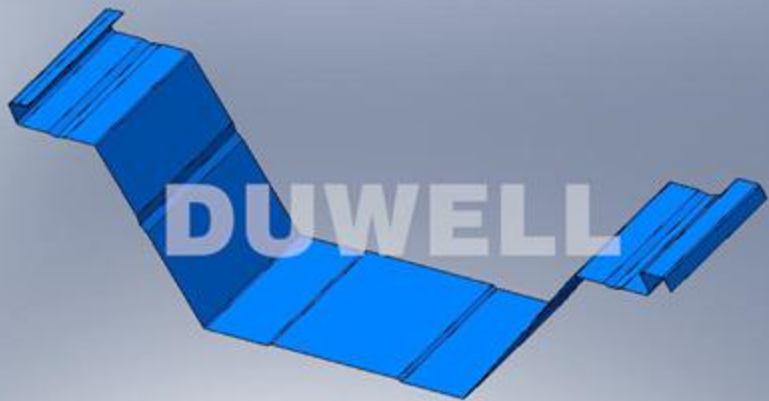

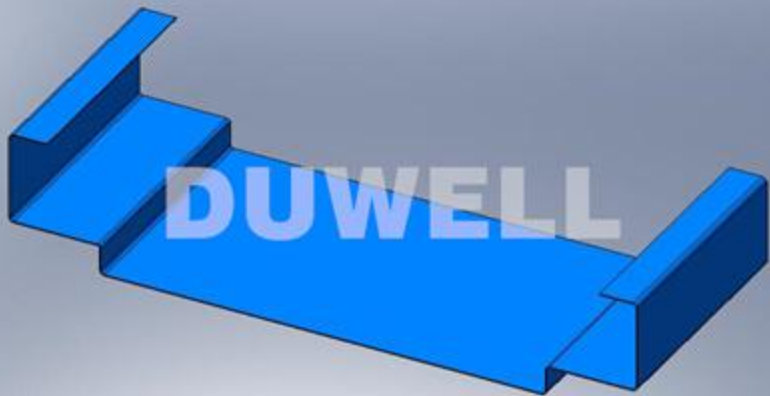

A vibrant blue ribbon graphic, curved and partially rolled at the top left and bottom right, set against a light blue gradient background. The word "DUWELL" is printed in bold, white, sans-serif capital letters across the center of the ribbon.

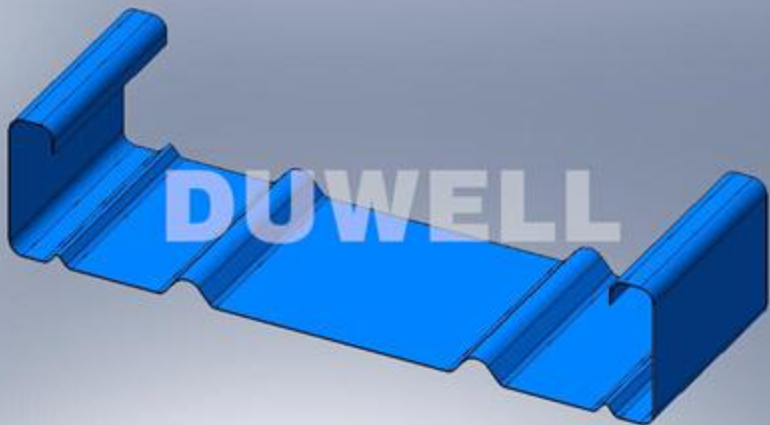

DUWELL

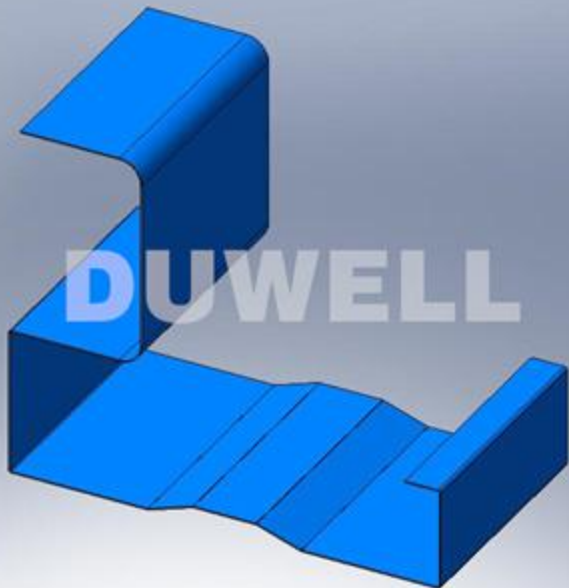

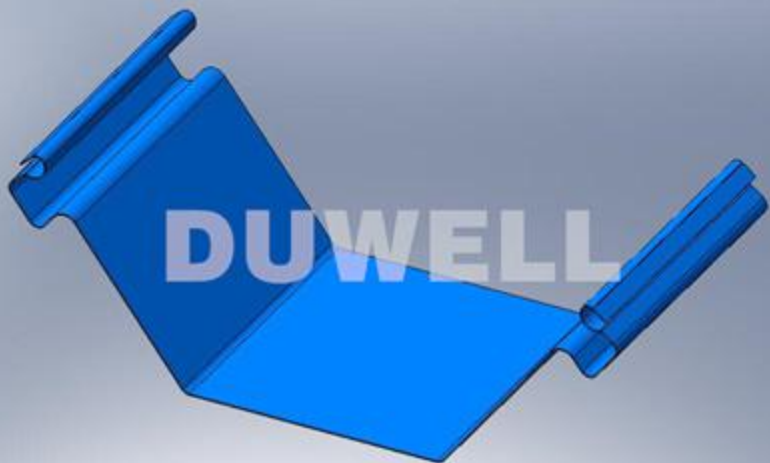

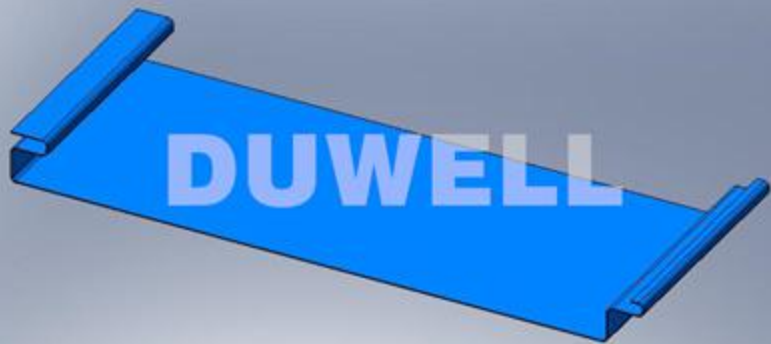

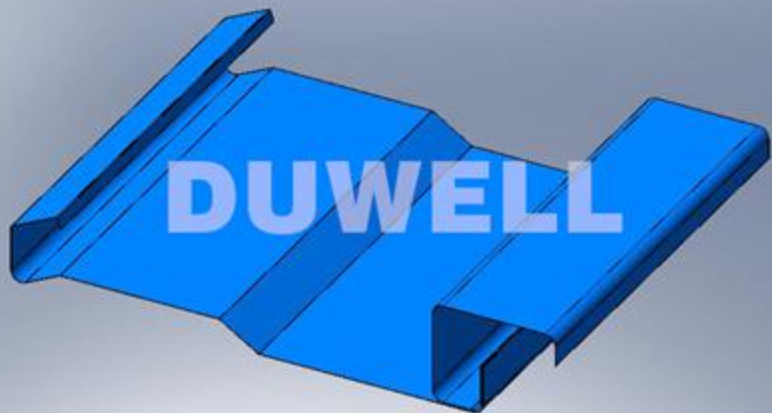

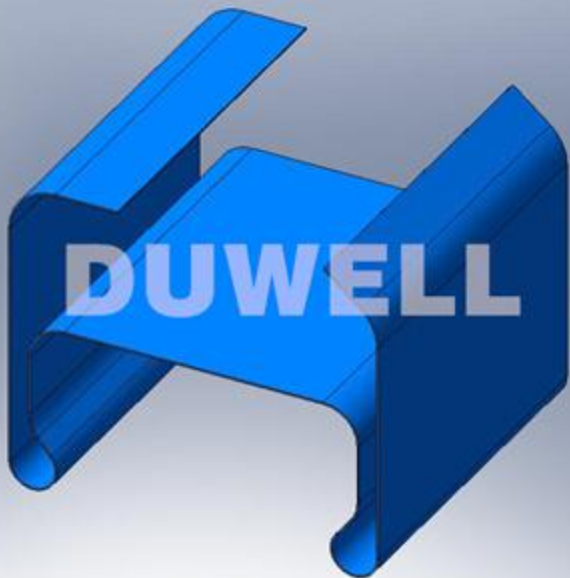

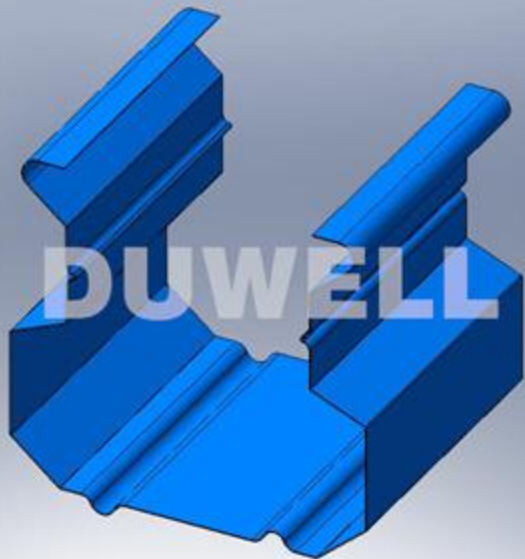

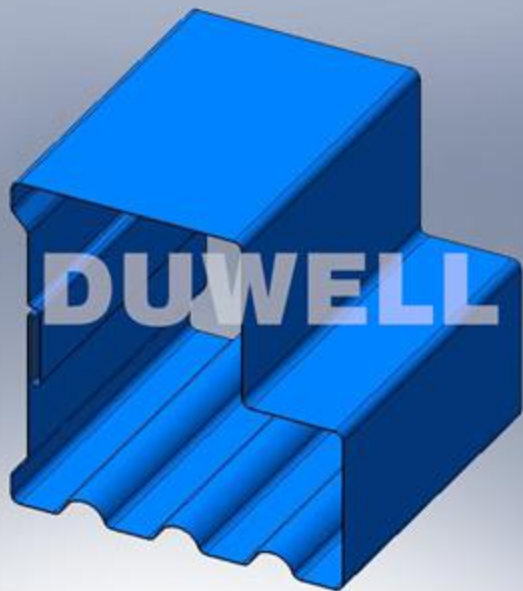

DUWELL

A 3D perspective rendering of a metal rail assembly, likely for a sliding door or window. The assembly consists of two main horizontal rails. The upper rail has a T-shaped profile with a circular hole on its top surface. The lower rail has a similar profile with a circular hole on its bottom surface. Both rails feature several rectangular cutouts along their length. A central component, possibly a roller or a pin, is visible between the two rails. The entire assembly is rendered in a light gray color. A large, semi-transparent watermark with the word "DUNWELL" is overlaid across the center of the image.

DUWELL

The image shows a close-up, perspective view of a grey metal channel. The channel has a C-shaped cross-section with a curved bottom flange. Along the top and bottom flanges, there are several circular pre-drilled holes. The metal has a smooth, slightly reflective surface. A large, semi-transparent watermark with the word "DUWELL" is overlaid across the center of the image.
